

# Revolution of a Nation

“Now concerning this nation, there will be a revolution. Revolution is not new to this nation. I am going to revolutionize this nation with an invasion of My presence and power. Revival will break out on every corner, the sound of praise and rejoicing is going to be heard as I turn the hearts and minds of many to Me for My glory. It is important not to become complacent during this time for there will be a sudden change that will occur right in the middle of this great celebration in the Lord. The enemy will be confounded by what I am doing. Be on guard to stay fervently in love with Me. Stay connected. Even when calamity comes I will still be building up, restoring and preserving My people and this nation.

“The United States of America has a divine purpose. This nation’s destiny is glory. So purpose yourself to be a part of what I am doing in this great and glorious nation. This nation is like tarnished gold. I know how to purify and clean up gold to get back the shine and glistening glory. My word like fire and My presence – the glory, will purify the Church and the nation for My glory, for My purpose. You all must remember it is all about Me and My Son. So serve Me with gladness and purity of heart as you and your brethren usher in the return of the Lord through your love and faithful obedience to My every word. This is the time of great glory and also there will be great darkness. But light is much greater. The darkness will not be able to hold back or withstand My glory that will appear in these days. Get ready, stay ready and be alert, for I am about to come and show up on the scene in your day and in your time like never before. These are the Awesome Days will you not know it? You shall know it for it is in you. Don’t live in the reality of worldliness – care, concern and programs. Live in the reality of My life in you, My love for you, and My destiny of glory for your life”.

Revolution – an overthrow or repudiation and the thorough replacement of an established government or political system by the people governed.

– a radical and pervasive change in society and social structure, esp. one made suddenly and often accompanied by violence.
